

Welding 2.0

**Friday, August 25 –
Sunday, August 27**

**Welding Aluminum "Different but not difficult" and
Welding Stainless Steel - both with GTAW (TIG) and
GMAW (MIG) processes.**

Schedule:

Friday: Retreat begins with 6:00 supper, then overview of the course and a lecture on safety

Saturday - Lectures on aluminum metallurgy and stainless steel metallurgy - hands on training

Sunday - Complete projects - program will end at 3:00 PM

Led by Jim Dolan, New Jersey Chairman for the American Welding Society, a Certified Welder and Welding Inspector, with degrees in Metallurgy and Material Science, and 50 years' experience. His company was chosen to certify the welders who created the World Trade Center Memorial.

**Cost: \$225, all inclusive.
\$100, if you secure
your own lodging
in Hancock.**

**Registration for this event
is for those who
have taken Kingwood's
first Welding Camp.**

**This program is limited to 5
campers.**
